SUMMARY

I am a passionate and motivated web development enthusiast pursuing a Bachelor of Computer Applications (BCA). With a strong foundation in front-end technologies such as HTML, CSS, and JavaScript, and experience working with frameworks like React JS, I am eager to apply my knowledge and learn new skills in a practical environment. I enjoy creating responsive, user-friendly websites, and I am particularly interested in building seamless web applications that enhance user experiences. My goal is to contribute to dynamic projects, collaborate with a team, and continuously improve as a developer. I am excited to start my career and grow in the field of web development.
